POOR SICK PEOPLE

CAN NOW CONSULT A DOCTOR
FREE OF CHARGE.

The Crescent DRUG & CHEMICAL COMPANY

has fitted up Consulting Rooms on the ground floor in the rear of its Optical Department Nos. 627 & 631 BROAD ST., where on

TUESDAYS AND FRIDAYS
between the hours of 1 P. M. and 6 P. M., any poor person who is sick and needs a physician's attention, can consult Dr. Joseph Preston FREE OF CHARGE. On other days a fee of 25 cents will be charged. Poor persons or others who can afford to pay 25 cents for consulting a physician, we hope will help support this department, as it is in the nature of a Public Benefit.

We do not claim to cure any specific disease, or to perform miracles. We do, however, state emphatically that Dr. PRESTON is a skillful and careful physician of many years practice in New York City.

Come to us, ye that are sick and poor, we can and will help you.

In addition we agree to furnish medicine free (any day), to poor sick people who cannot afford to pay for medicine. You only have to secure a written statement from a reputable Newark physician that you are too poor to pay for medicine, and we will supply you FREE OF CHARGE.

We desire to say to patients whom we charge a fee of 25 cents on PAY DAYS other than FREE DAYS, that if Dr. Preston writes a prescription for you, then you are free to take the prescription to any druggist and have it "put up." We do not require you to patronize our Prescription Department, although we will guarantee to compound prescriptions for less than you can have them compounded anywhere else, otherwise we will refund the money paid. In connection with this statement we wish to inform the public that Dr. Preston has practiced as a Specialist for a long time as an Oculist. Consequently you can have your

"Seeing is Believing."

Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. Its marvelous light is purer and brighter than gas light, softer than electric light, and more cheerful than either. The choicest bric-a-brac in the palace of a Vanderbilt reveals nothing finer. We have 2,700 artistic varieties, in brass, bronze, silver and black. Ladies often like to go down among the large wholesale houses first hands. They will find at our salesrooms (the largest in the city) a rare collection of Art in lamps. A catalogue to send you if you wish.

"The Rochester"

Monday evening. The last of the series will be held in the Munn Avenue Presbyterian Church to-morrow evening. The Mills meetings will be held in the latter Church and will be held as follows: Monday, at 8 P. M.; Tuesday, Wednesday, Thursday and Friday, 10 A. M., 3.30 and 8 P. M.; Sunday, 10.30 A. M., 3.30 and 7.30 P. M.; Monday, November 13, 10.30 A. M., 3.30 and 8 P. M. Mr. W. H. Bryan, of Calvary M. E. Church, has organized a volunteer choir of one hundred voices, selected from the various choirs in town, which will lead in the singing at the evening meetings. The choir will sing in public for the first time to-morrow night.

Princeton Eleven at East Orange.
On Election Day morning the famous Princeton University foot-ball team will play their annual game with the Orange Athletic Club team at East Orange. The game will attract all the foot-ball enthusiasts in this vicinity who will avail themselves of the opportunity of seeing Princeton exhibit her strength against the strong Orange team, and no doubt the New Jersey college will put her best men on the field, the same as Yale did when at Orange, and if Princeton makes a better showing than Yale did it will give her players and followers much confidence. The result of the game ought to show the comparative strength of the two college teams as near as can be shown previous to their Thanksgiving game.

The Hospital.
The annual meeting of the Mount-aside Hospital will be held in the Westminster Church on November 14. An attractive programme has been prepared, of which one of the pleasant features will be the singing by a young soloist who has many friends in Bloomfield. The speaker of the evening is a gentleman well-known in the world of journalism. The name will be announced in next week's issue.

"Central Building."
The words Central Building in gilt letters ornament the front of Harris Bros.' handsome new building.

A Quarter-Century Test.
For a quarter of a century Dr. King's New Discovery has been tested, and the millions who have received benefit from its use testify to its wonderful curative powers in all diseases of Throat, Chest and Lungs. A remedy that has stood the test so long and that has given so universal satisfaction is no experiment. Each bottle is positively guaranteed to give relief, or the money will be refunded. It is admitted to be the most reliable for coughs and colds. Trial bottles free at Geo. M. Wood's drug store. Large size 60c. and \$1.00. Advt.

Spragg's Pavilion on Wednesday evening, and was a great social success. Professor Frank furnished the music. Aldolph Welmar was floor manager and was assisted by Joseph Loesch and John Dignan. Miss Lena Rossip and Adolph Welmar led the grand march at the ball, given by the Social Five at Spragg's Hall on Wednesday evening.

Broken Street Lamps.
Officer Collins has the names of boys who have broken the glass in the street lamps in the Second Ward. A citizen of Watessing whose name has been given to the Police Committee has the names of boys who have broken several lamps in the Third Ward and will gladly give them to the police. There seems to be an opportunity for the collection of revenue from fines.

Praise for Phoenix.
Chief Engineer Oakess says that Assistant Engineer B. F. Higgins and Superintendent of Fire Alarm H. J. Ashley, both of the Phoenix Hose Company, got the first stream on the Essex Hotel fire. The Chief says that too much cannot be said in praise of the efficient work done by Phoenix.

Scrofula, whether hereditary or acquired, is thoroughly expelled from the blood by Hood's Sarsaparilla, the great blood purifier.—Advt.

Household Information.
Charles M. Decker & Bro., the well-known Orange grocers, are distributing a very neat pamphlet in magazine form. It is as it purports to be a magazine of household information. It contains a price list of the thousands of articles in their immense stores; also much interesting reading matter, including an illustrated historical sketch of the development of the large business of the firm.

Coal at \$4.75 a Ton.
Our last week's advertisement brought us more orders for Number 2 Nut Coal than we could fill, but we hope to catch up in a few days. Bear in mind that this is NOT PEA COAL. We sell Pea Coal at \$3.75 a ton, screened direct from our bins. BLOOMFIELD COAL AND SUPPLY COMPANY.
